

Terms and Conditions of Use of This Website

This website is operated by the General Incorporated Association ifLink Open Community (hereinafter referred to as the "Association"). By using this website, users are deemed to have agreed to these Terms and Conditions of Use. Please note that these Terms and Conditions of Use are subject to change. Please confirm the most current version. This website may contain links to websites operated by other companies. Please use these websites only after agreeing to their respective terms and conditions of use.

Disclaimer

The Association makes no guarantees with regard to the accuracy, usefulness, certainty, safety, or other aspects of the content of this website, and the content of this website is subject to change or deletion without prior notice.

The Association makes no guarantees with regard to the functionality or safety (guarantees that functions will not be interrupted, that errors will not occur, etc.) of this website at any time, and may suspend or discontinue operation of the website at any time without prior notice. The Association shall not be liable under any circumstances for any damages arising from or in connection with any error, alteration, or deletion of the content of this website, the occurrence of any problem on this website, or the suspension or discontinuation of the operation of this website.

Intellectual Property Rights

The rights to the trade names, trademarks, and marks belonging to the Association or other companies used on this website are protected by the Trademark Act, the Unfair Competition Prevention Act, and other laws. They may not be used without the permission of the Association, other companies, or other relevant parties.

Copyrights

The website operated by the Association provides information on products and services and technical information (hereinafter referred to as "Materials"), as well as documents, charts, images, videos, music, etc. that express the Materials or a collection of such (hereinafter referred to as "Content"). The copyrights for the Materials and Content are owned by the Association unless otherwise specified. The Materials and Content are protected by the Copyright Act and other applicable laws and treaties, and may only be used by customers under the following conditions:

1. The Materials and Content may be used by customers only within the scope permitted by the Copyright Act and other laws and treaties, including reproduction for private use.
2. Reproduction or downloading of the Materials and Content by a customer must be done together with the above copyright notice and usage conditions attached.
3. Customers may not modify, distribute, publicly transmit, screen, or otherwise use the Materials or Content.

The Association does not license any copyrights, patents, trademarks, design rights, or other intellectual property rights related to the Materials and Content, nor does it make any guarantees regarding the content of the Materials and Content. Additionally, if there are any separate provisions in the Materials or Content, the relevant copyright notices and usage conditions must be strictly observed.

Prohibited Acts

- Any of the following acts against the Association, its officers or employees, or other companies (persons) or organizations
 - Any act of defamation, slander, or threatening
 - Any act that causes disadvantage or damage
 - Any act that may harm the reputation
- Any act that is illegal or potentially illegal
- Any act contrary to public order and morals

Linking to the Website

When linking to this website, please note the following precautions:

- The ifLink Open Community logo cannot be used to link to the website.

(Use of the logo requires permission from the Toshiba Corporation under contract with the company.)

- The use of links that make it unclear that the website belongs to the Association and that may mislead third parties is prohibited.

- Links that fall under the "Prohibited Acts" section of these Terms and Conditions of Use are prohibited.

Proposals from Customers

The Association does not accept any proposals from customers with regard to products, technologies, manufacturing or marketing methods, designs, etc. unless specifically requested, or unless they fall under the "Proposals for Consideration" listed below. The understanding and cooperation in this matter are greatly appreciated. Thank you.

Please note that the Association has no obligation to keep confidential or consider any proposals submitted by customers despite the above request, other than the "Proposals for Consideration."

Proposals for Consideration

1. Patents, designs, and trademarks registered with the Japan Patent Office as intellectual property rights
2. Utility models registered with the Japan Patent Office as intellectual property rights, to which a utility model technical evaluation report issued by the Japan Patent Office, which assists in determining the validity of the rights, is attached, and the evaluation is "6. No particularly relevant references can be found."

Governing Law and Court of Jurisdiction

The use of this website and the execution of these Terms and Conditions of Use shall be governed by and construed in accordance with the laws of Japan unless otherwise specified. Tokyo District Court shall have exclusive jurisdiction in the first instance over all disputes related to this website unless otherwise specified.

Export Control

If exporting (including transporting to a foreign country or disclosing to a non-resident in Japan) any technology, program, or purchased product obtained from this website, it must be done in compliance with the Foreign Exchange and Foreign Trade Act, the Export Administration Act, and other applicable laws and regulations.

Linked Sites

Third-party websites not operated by the Association that are linked to or from this website (hereinafter referred to as "Third-Party Linked Sites") are the sole responsibility of the companies that operate them. The fact that such websites are linked to or from this website does not imply the existence of any special relationship between the Association and the companies operating Third-Party Linked Sites, nor that the Association endorses the content of said Third-Party Linked Sites. Additionally, the Association assumes no responsibility for the content or use of Third-Party Linked Sites.

Website Accessibility Guidelines

The Association sees accessibility as an important matter with regard to the dissemination of information on the Internet, and is making efforts to operate the website with accessibility in mind. The Association aims to ensure that visitors to the website can easily use the website and access the necessary information on it.
